Hi everyone!

The *Images en vues short film festival* will take place on November 5, 6 and 7 at Les Pas Perdus performance hall. In addition to the official opening night of the Festival, Highlighting a Quebec Fiction Trilogy, the Images en vue short film festival's program will offer four 90-minutes programs intended for all ages, and Les P'tites Vues, a 60-minute program of animated short films, for families and children. In order to comply with government health measures, we are also deploying an online program, accessible via the lepointdevente.com platform. You are warmly invited to join the moviegoers.

In line with activities related to cinema, Sofilm Cinéma Parallèle, which oversees the festival, offers to groups and communities to take advantage of the festival period to view a variety of films well made and directed all over the world. This year, we are offering to the Municipality of Grosse-Île to present a short films program entirely English-speaking, or subtitled in English, in order to broaden its audience and raise awareness of the short film.

We are passing by here to gauge the interest of the citizens of the municipality of Grosse-Île, to participate in such an activity, in the community. The cost is usually \$ 10 / person. We could also suggest a voluntary contribution.

Are you interested in watching an exclusive program, in English, in your community, between November 8 and November 30, 2020?

Thank you for your collaboration!
