

October 4th – 10th is Fire Prevention Week

For the 2020 edition of Fire Prevention Week, the Maritime Community is pleased to provide you with a self-inspection form for your dwelling. Considering the health and sanitary guidelines currently in effect, the Public Security Service will not visit people's homes this year nor will they have an information booth in public areas. Following the self-inspection, if you have any questions, do not hesitate to contact Nathalie Arseneau, fire prevention agent, at 418 986-3100, extension 189.

Fire prevention self-inspection

Smoke alarm

- 1) Do you have a smoke alarm on each floor of your apartment or house?
 Yes
 No
- 2) Your smoke alarms, are they all working?
 Yes
 No
- 3) Your smoke alarms, have they been in use for less than 10 years?
 Yes
 No
- 4) The children in your dwelling, are they aware of the evacuation procedures when the smoke alarm goes off?
 Yes
 No
 Does not apply

5) Do all members of your dwelling know the outside meeting point if the smoke alarm goes off?

Yes

No

Propane

1) Is your propane tank stored outside of your home, garage and/or shed?

Yes

No

Safety tips

Replace the battery in your smoke alarm twice a year and gently vacuum the outside casing; do not use rechargeable batteries in your smoke alarm. If you have a wood, gas or other appliance, a carbon monoxide detector is mandatory in your residence.
